

MICROBIAL CONCENTRATE

**A revolutionary product that puts life back into
your soil!**

Supplies the nutrients your plants need.

It's not a Fertilizer - It's not a chemical

Its 100% Organic!

For years we have had to rely on fertilizers to help our plants grow. Fertilizers have one common problem, they build up salts in your soils. Salts make acids that can disrupt the microbial content in your soil.

ALPACA GARDEN ORGANICS

MICROBIAL CONCENTRATE

replenishes the microbial population in your soil, that increases the production of nutrients your plants need from the growing stage to the fruiting stage.

**Do you want healthy
productive plants?**

It Use to Be A Secret. Now the secret is out and everyone that has tried my product comes back for more and more.

**It's so special it has a
Patent Pending -**

It took years to create and now it's here for the world to experience!
